**Robert Kanan Bala Smriti Sewa Sansthan** has successfully completed 20 years of distinguished service for the cause of differently able by providing shelter, medical help, vocational training, rehabilitation besides supplying necessary mobility appliances. Started in the year 2000 in a humble way with few students, the Sansthan had flourished and reached new heights. Today Robert Kanan Bala Smriti Sewa Sansthan is a premier institution in the field of disability management in the region. These were possible only because of the support and patronage of well wishers who stood by our side during the time of crisis. We are all indebted to them for their support.

Today the Sansthan is running Gharounda for men & women with 25 & 20 inmates. At the center we are providing:-

#### **Physiotherapy :**

To develop the motor skills of the mentally retarded children, the institute provide the physiotherapy to fine motor and gross motor impaired by the physiotherapist. The physiotherapist regularly provide the therapy to ,locomotors or cerebral palsy impairment after detail assessment of such cases and deportation the theraupctic exercise for correction gesture and posture and movement of the beneficiaries is given by the therapist.

#### **Psychological Assessment:**

The psychological assessment is closely related with the intellectual assessment and assessment of adaptive behaviors using various types of tests ascertain the level of mental retardation. In this regard the clinical psychologist has been regularly assessing the intellectual capacity of the child with mentally retardation with the help of special educators and counselors for giving noble advice from time to time for their mental development.

#### **Behavior Modification :**

Basically mental retarded, cerebral palsy and multiple disabled case having problematic behaviors like Head banging, self-biting, self injuring, expressive crying, disobedience etc, during their stay at the center it has been found and properly care to the beneficiaries and change their attitude by the staff. Experts provide technical idea to non-technical staff for correction of bed problem and behavior of beneficiary.

#### **Activities of daily living skill (ADLS):**

Due to mental retardation, cerebral palsy and multiple disability the beneficiaries are not performing the daily living skills like, washing face, teeth brushing, bathing toileting, combing, cloth washing, proper eating etc. the staff are assessing individual case of beneficiaries and providing training for development of daily living skills.
