## Introductory Information about the Organization

YVSS Jaya Lakshmi and Y Srinivas are the proud parents of a Special Daughter, precious jewel SINDHURI who is microcephalus having problems in speech, self care and academics. Because of her condition, Mrs. Jayalakshmi was compelled to restart education career in 2002 and completed diploma in special education and B. Ed (Special Education). From 2003 to 2009 worked as a special teacher in various institutions. Mrs. Jayalakshmi has succeeded a lot in training her daughter and improving her behavior. This inspired us to share our skills and extend services to many children with similar disorders, hence started an individual therapy centre for special children (Intellectually Challenged) from 2009 with 2 children along with Sindhuri.

There were many parents who were looking for this kind of support mainly because of lack of knowledge and proper understanding about handling this kind of situation and condition of their children. Within a couple of years the centre had 20 children to attend and be treated. We have registered by name PRABHATA SINDHURI EDUCATIONAL SOCIETY under registrar of societies on 11<sup>th</sup> Jan 2012. Since then we have been training intellectually challenged, Autism, Cerebral Palsy and Multiple Disabled Children.

## Organization Activities

- Special School for Children with Intellectual Disabilities
- Conducting Screening camps for identification of children with IDD
- Training to the Parents on Home Management for the development of the children with IDD
- Awareness Camps about the right perspective towards the IDD children from all sections of society
- Providing Health Insurance NIRAMAYA through The National Trust, New Delhi for all the children with IDD.
- Working closely with likeminded NGO's who are from the similar field for the upliftment of the children with IDD.

PRABHATA SINDHURI EDUCATIONAL SOCIETY is the implementing agency on behalf of The National Trust, New Delhi for the Project Disha (Early Intervention & School Readiness Program) Centre and Vikaas (Day Care) since 15th March 2016.

## Activities during COVID 19

**A humble step towards INCLUSIVE INDIA:** Our Prime Minister Sri Narendra Modi had advised the nation that in these times when many are quarantined and have no source of earning, each family may try to support 8 families at least. Our Prabhata Sindhuri children and their parents stitched masks from their homes and helped us to distribute the masks in various Red Zones in Guntur and its suburbs. In turn, these economically backward parents were able to earn a substantial amount for the services. This strengthened our Special Children's abilities too.

**Let no Family Stay Hungry:** As you all know it, many of our students come from economically backward families and this pandemic has cut off their sources of livelihood, leaving them depressed and anxious. With the staunch faith that Service to our fellow needy is service to God, we did something highly satisfying to all sides. We could provide adequate amounts of rice and groceries to 50+ such families (including Prabhata Sindhuri Parents) and saw the joy in their faces.

**Saluting the COVID Heroes:** In our humble way, we appreciated and acknowledged the untiring services of the 130+ sanitary warriors of Navabharat Nagar area by distributing masks, rice, groceries and vegetables to them; this made them very happy and inspired us to search for better ways of serving the community.

**Supporting the stranded MIGRANT Laborers** and the Economically Backward in different areas of Guntur (Janmabhoomi Nagar, Taraka Rama Nagar, Stambala Garuvu, Arandal pet etc to name a few) as responsible Indians, we identified the people who are in need and distributed free food, vegetables and groceries to all these people.
