About Orgaization:

Our Cheyutha Early Intervention and Special Education Centre was established in 2008 October. Since then we are working with all kinds of Intellectual disabilities only. We had been sanctioned National Trust Disha, Vikaas Schemes in 2014. After that also we are working with those 4 Intellectual Disabilities mentioned by National Trust. We are sincerely promoting Niramaya Health Scheme which is really helpful to the ID Children. Few of our CP children were very much benefitted by corrective surgeries with the support provided by Niramaya scheme.

As a Doctor regularly I am concentrating on prevention and Early Intervention services through Disha Scheme and many children were promoted to the main stream of education.

Through Vikaas scheme we promoted 18 (Mild- Moderate) Intellectually Disabled children to the work place, Independent Living.

Now we are working for Disha cum Vikaas scheme, In pandemic situations also we are trying to work online, home based, for CP cases providing therapies at center also. Periodically we are giving guidance and counselling to the parents of PWDs.

AUTISM DAY (02-04-2019)

Today Autism day was celebrated in Lotus Land Mark function hall. The programme was started at 9 AM. The main Motive of this programme is to give awareness to the ICDS workers about AUTISM.
