3. Introduction:

The National Trust is an autonomous body constituted by an Act of Parliament namely “The National Trust for the welfare of Persons with Autism, Cerebral Palsy, Mental Retardation and Multiple Disabilities Act, 1999”.

The objectives of the National Trust are as follows:-

- i. To enable and empower persons with disability to live as independently and as fully as possible within and as close to the community to which they belong;
- ii. To strengthen facilities to provide support to persons with disability to live within their own families;
- iii. To extend support to registered organizations to provide need based services during period of crisis in the family of persons with disability;
- iv. To deal with problems of persons with disability who do not have family support;
- v. To promote measures for the care and protection of persons with disability in the event of death of their parent or guardian;
- vi. To evolve procedures for the appointment of guardians and trustees for persons with disability requiring such protection;
- vii. To facilitate the realization of equal opportunities, protection of rights and full participation of persons with disability; and
- viii. To do any other act which is incidental to the aforesaid objects.

The National Trust has been set up to discharge two basic duties- legal and welfare. Legal duties are discharged through Local Level Committees (LLC) and providing Legal Guardianship. Welfare duty is discharged through the Schemes. The activities of the National Trust inter-alia include training, awareness and capacity building programmes and shelter, care giving and empowerment. The National Trust is committed to facilitate equal opportunities, protection of rights and full participation of persons with disabilities (Divyangjan), covered under the Act.

4. Local Level Committee (LLC)

Under Section 13 of the National Trust Act 1999, a Local Level Committee is required to be constituted in every district of the country for a period of three years or till it is reconstituted by the Board consisting of following members:-

- An officer of the Civil Service of the Union or of the State not below the rank of District Magistrate or a District Commissioner of a District;
- A representative of an organization registered with the National Trust; and
- A person with disability as defined in Clause (t) of Section 2 of the Persons with Disabilities Act, 1995(1 of 1996)

The function of Local Level Committee is to screen, appoint, monitor and remove legal guardians. LLCs also promote activities such as Awareness generation, convergence and mainstreaming of persons with disabilities.

754 LLCs have been constituted in the country with DC/DM as Chairperson of the LLC.

5. Appointment of Legal Guardians:

- a) Section 14-17 of The National Trust Act, 1999 elaborate on Guardianship for persons with Autism, Cerebral Palsy, Mental Retardation and Multiple Disabilities, to be dealt by the Local Level Committee. Guardianship is a need based enabling provision.
- b) Under section 14 of the National Trust Act, the Local Level Committee headed by the District Collector is empowered to receive application in Form A under Rule 16(1) & appoint guardians in Form B under Rule 16(2) for persons with Autism, Cerebral Palsy, Mental Retardation and Multiple Disabilities. It also provides mechanism for monitoring and protecting their interests including their properties. All these forms are built in the online Legal Guardianship Module.
- c) A guardian is a person, who is appointed to look after another person or his property, or both. He or she assumes the care and protection of the person for whom he/she is appointed the guardian. The guardian takes all legal decisions on behalf of the person and the property of the ward.
- d) Persons with Autism, Cerebral Palsy, Intellectual Disability and Multiple Disabilities are in a special situation as even after they have acquired 18 years of age, they may not always be capable of managing their own lives or taking legal decisions for their own betterment. Therefore, they may require someone to represent their interests in the legal areas throughout their lives. However, in cases of Cerebral Palsy and multiple disabilities, there may be a need for only limited guardianship because of the availability of enabling mechanisms and/ or scientific facilitations, which enable such persons to function with varying degrees of independence.

Before 2016, 30,304 Guardians were appointed in the offline mode. Thereafter, through the new Scheme Management System (SMS), 38,246 Guardians have been appointed, i.e., a total of 68,550 Guardians till 31-03-2024, which includes 6,743 Legal Guardianship applications approved from 01-04-2023 to 31-03-2024.
