Desk of the Secretary.....

It has given me the immense pleasure for presenting the Annual Report for the year 2021-22. This year the world has visible changes in financial as well as social sector. This year our organization has implemented the different programme with same hardship due to COVID-19 pandemic. In spite of all these huddles we marched forward for implementing the scheme successfully.

This has been possible because we have been enjoying confident and good will of people associated with people associated with us. The impact of our undeterred efforts is visible in the improvement of children with Intellectual Disabilities, Cerebral Palsy, Multiple Disabilities etc. We hope the readers of the report will get the information and become educative regarding our various programme. It is a great learning opportunity for us when our well wishers have given their feedback and suggestions for future improvement and modification of our work.

We have mobilize the resource successfully received from the SSEPD Department Government by implementing therapy centre under the scheme "**Rehabilitation of Physically and Mentally Challenged Socially Disadvantaged Persons**" at the Dist. Head Quarter, Angul for Intellectual Disabilities, Autism, Cerebral Palsy & Multiple Disabilities, Public Donation by running Special School for Intellectual Disabilities also at District Head Quarter, Angul and different Awareness Programme in different block of Angul District.

Before I end I must express my gratitude towards SSEPD Department for providing support, Donors, Well Wishers for their contribution & thanks to our staffs those who worked sincerely in such a critical pandemic period & at last many many thanks to the Governing Body whose support marched us for achieve the goal.

With regards.

Therapeutic Centre

Therapy, also called psychotherapy or counseling, is the process of meeting with a therapist to resolve problematic behaviors, beliefs, feelings, relationship issues, and somatic responses. Beginning therapy can be a big step toward being the healthiest version of every person and living the best life possible. No matter what challenges you may be facing. Through therapy a person can change self-destructive behaviors and deformity of bodies, resolve painful feelings, improve relationships etc.

In case of Intellectual Disability & Cerebral Palsy children there is a greater need of therapeutic service. As therapy service is highly expensive, it is purely impossible to avail therapeutic service to all the ID, CP, Autism & Multiple Disabilities Children as they are more deteriorate condition in our district. So we have applied to Social Security & Empowerment of Persons with disabilities (SSEPD) Department.

Under the sponsorship of SSEPD Department we are running Therapeutic Centre at Angul with taking 30 numbers of Intellectual Disability, Cerebral Palsy, Autism & Multiple Disabilities children with a non-residential setup. Where one Physiotherapist, One Speech Therapist, One Occupational Therapist, One Special Educator, One Care Taker and One Care Giver has been appointed by our organization for the service of inmates. This year we have completed 04 years successfully by providing therapeutic service to the poor Intellectual Disability, Autism, Multiple Disabilities & Cerebral Palsy children of our locality.

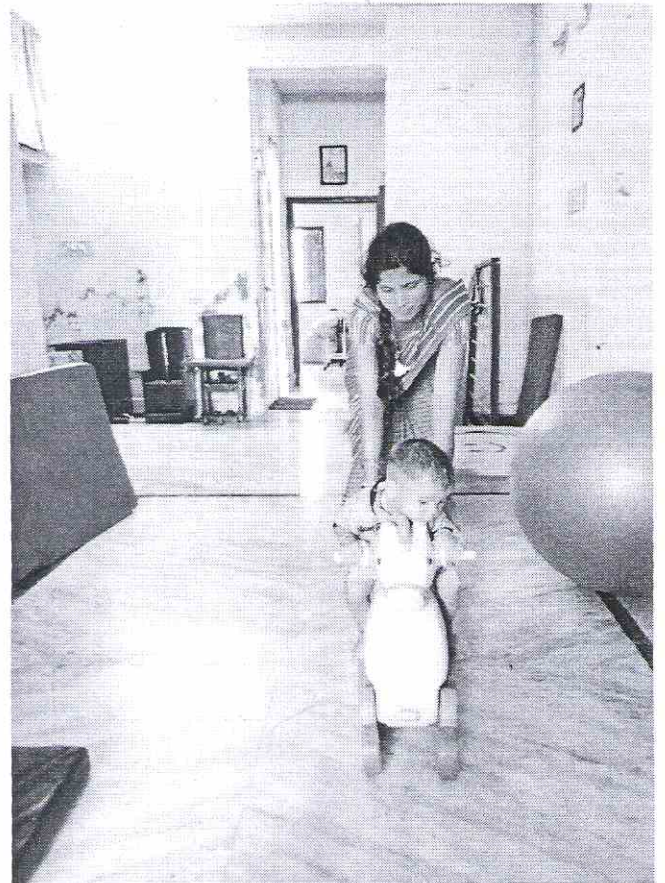

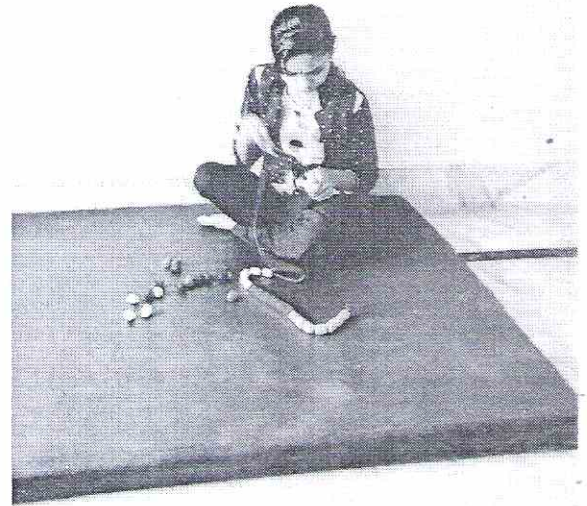

We have utilized the funds successfully by implementing the scheme “**Rehabilitation of Physically and Mentally Challenged Socially Disadvantaged Persons**”.

Project Activity

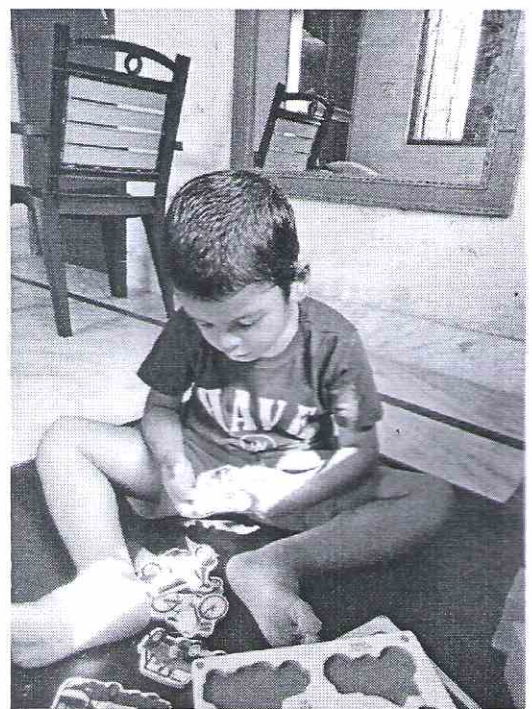

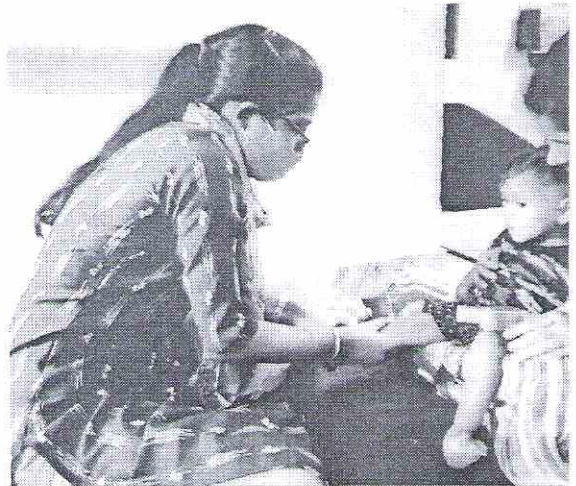

1. By providing appropriate therapy to the Intellectual Disability & Cerebral Palsy Child
2. Providing Therapeutic Service to the Intellectual Disability & Cerebral Palsy Child through different therapeutic assets.
3. Experienced professional have appointed by the organization for quality service
4. Academic also a part of life. So our organization has appointed 02 number of Special Educator for development of education.
5. We have appointed one number of experienced care taker an one number of care giver for providing better care to the beneficiaries.

School for Mentally Retarded

Now a days the percentage of Mental Retardation is increasing highly not only India but also in the whole world which can defined as cognitive ability that is markedly below average level and a decreased ability to adopt to one's environment. The onset of the condition occurs during the developmental period. As underdeveloped brain -it failure to meet developmental mile stones and decrease of learning ability. To feel the current situation of Intellectual Disability in Angul District we have taken step for opening of Special School Intellectual Disability in the year 2018 at the district head quarter, Angul with taking 30 numbers ID students

The institution is running through collection of donation from donors and well wishers of Angul town as well as nearby rural areas. Now the institute consists of 05 numbers of staffs. Out of this 02 numbers of Special Teacher, One Warden, 01 number of Attendant and one Cook.

Project Activities

1. Providing special education to Intellectual Disability Student by experienced professional.
2. Providing regular health check up to the students
3. Providing proper Care for sustainable development of the students
4. Consistent Medical & Therapeutical Service provided to the student.
5. Providing recreational facilities to the beneficiaries.
6. Parent Counseling
7. Monitoring regular activities of the students.

Special School for Cerebral Palsy

Cerebral Palsy is a group of disorder that affects movement and muscle tone or posture. It caused for by damage that occurs to the immature brain as it develops most often before birth. So Cerebral Palsy children are facing much more problem in the community. Basically spastic cerebral palsy children is common and found everywhere, but in case of athetoid Cerebral Palsy it is more difficult to manage.

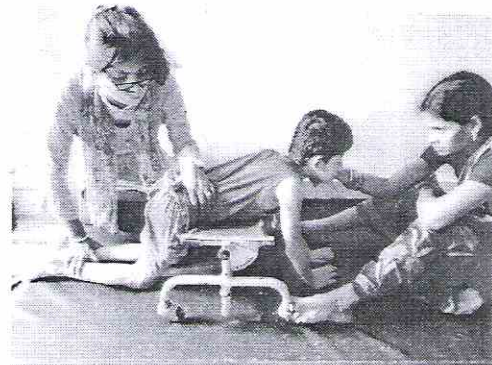

We are running Special School for cerebral palsy at the District Head Quarter, Angul since last three years with taking 30 numbers of inmates with non-residential setup. We are providing Special Education and ADL skill to the Cerebral Palsy children as they have lack of eye-hand coordination. Our organization have appointed experienced personnel for proper care of these students.

Project Activities

- Special Service given to the Cerebral Palsy as proper health care.
- Special Education is providing by the trained experienced professionals
- Physiotherapy providing to the all cerebral palsy children as and when required by the Physiotherapist
- Consistent Medical facilities providing to the student.
- Parent Counseling of Cerebral Palsy Children.
- Parent meeting once in a quarter
- Regular monitoring activities of the Cerebral Palsy children

OTHER ACTIVITIES

Staff Capacity Building Training Programme

We organized Staff Capacity Building Programme half yearly. Guest Faculty also invited from different reputed organization, as a result it will improve the inner potential of staff. The training to the staff given by theory as well as practical. So all staffs are well trained and also learned how to handle the Disabled children.

Awareness Programme

We have organized different sensitization programme in different villages of Angul district during the year 2021-22. Our sensitization team aware the common people regarding how to prevent from Diarrhea, Malaria, Leprosy etc. We also made aware the general people regarding Local Level Committee under the National Trust & Scheme implemented by the SSEPD Department, Govt. of Odisha and scheme of Department of Empowerment of Persons with Disabilities, Govt. of India.
