

Bastar Viklang Seva Samiti (BVSS) Aghanpur,
Dharampura P.O, Jagdalpur, Bastar District, C.G. 494 001

ANNUAL REPORT
Year 2019-2020

Introduction

Bastar Viklang Seva Samiti is an NGO was established in 2001. It is dedicated towards development and rehabilitation of person with disabilities and also for other needy people especially for women and children in Bastar Division. It is a registered society (Reg. No-708/01) to render services in the field of disabilities, health, education and socio-economic developmental activities irrespective of caste, creed and religion.

The vision of the society is to build a just society by empowering the disabled persons and to provide them equal opportunities in order to bring them to the main stream.

The mission:-

-To care for the uncared and to reach out to the unreached disabled persons and other needy persons.

-To work for the development and rehabilitation of disabled individuals that will lead to their independent living.

-To work for the rehabilitation with full participation of the family and community

During the year 2017-2018 BVSS carried out various activities for children with developmental disabilities as well as activities to fulfill responsibilities under different capacities. Brief description of the activities is given under:

The Special school for Mentally Challenged & Residential Hostel

At present Manovikas special school for the mentally challenged has 63 students, 38 boys & 25 girls from the Division of Jagdalpur. The residential hostel attached to the school is functioning well. Presently there are about 38 girls who reside in the hostel. They belong to different casts and religion. Among them there are 12 Mentally Retarded girls, 19 deaf and dumb children, 6 low vision and 5 blind children stay in this hostel and go to the government deaf and dumb school at Adawal. The other programmes are inclusive education, physiotherapy and vocational training also is given to the students. The General Body discussed and decided to approach the government for various schemes available for the disabled.

Physiotherapy

The physiotherapy center is also functioning rather well at this school under the guidance of Dr. Mayuri Khedulkar, the physiotherapist. Regular physiotherapy is given to children who suffer from cerebral palsy, loco motor disability, children with sensory impairments according to their individual condition. Regular physiotherapy prevents disability and improves the condition of the children and minimizes the impact of the disability. Children from the locality are brought to this center for physiotherapy.

Welfare Projects

Kinder Mission / Vocational Training

We have started Vocational training cum awareness programmes for the siblings and parents through this project which started in June 20016.

The school children are given various types of vocational training at this center according to their age, ability and functional level such as painting of Diya, preparation of greeting cards, Rakhi, screen printing, sewing, cycle repairing etc. All the students were trained in gardening, growing vegetables, cleaning, dusting, and kitchen related work and computer education. They also make flowers with different materials like cloth, paper and plastic paper. During this year in February the project is completed and we expect for another pro

Computer Education:

We started to give training to the students for computer application. Children are interested to learn the computer. At present 8 students are under the training in the school itself. The senior students have already learnt the typing.

Livelihood Programme for the EX- Students after the schooling:

Few students (3 students) are doing work and earning money for the family such as in the garage, small shops, marketing etc. Photos are attached herewith.

Celebrations

Disabled Day Celebration:-

Sports & games competitions were held on 2nd December in connection with the disability day December 2019. The disabled day was celebrated on 3rd December, 2019 at Manovikas School and prizes distributed to the children. The main items conducted are Ballon breaking (23 students) Running race (18 students) Musical chair (19 students)

Cultural Day

The cultural day was celebrated along with the Disabled day on 3rd December 2019 in the school premises. There was song competition (9 students) dance (5) painting (21) and fancy dress competition (14) and the above mentioned number of children participated in the competitions.

International Autism Day Celebration:

Autism day was celebrated on 2nd April 2019 in the special school along with Doctors from the District hospital (Sparsh Clinic department) Jagdalpur. About 11 parents and 45 students took part in it. They were given awareness about the Signs & symptoms of Autism and the measures to be taken for those who are affected by it.

Certification of the Disabled:

During this year we could make about 38 new medical certificates and also renewal of about 29 medical certificates in the district hospital by the medical team.

Medical Checkup & Treatment:

About 21 students had medical checkup in the district hospital and also in medical college at Dimrapal in Jagdalpur.

Community Based Rehabilitation Programme:

Community based rehabilitation is done by our staff in different villages for the early identification and early intervention of disabled children and persons. Our staff could visit about 12 villages for the CBR programme.

Mental Asylum. (Rehabilitation Centre)

Ashirvad rehabilitation center for mentally ill women functions rather well. Presently there are 32 mentally ill women patients residing at Kolchur. They are given medical and psychiatric treatment and also various types of behavioral therapies under the guidance of the psychiatrist. Counseling facilities are also provided. Now they are able to manage their activities of daily living and also became aware & active to spend their time in different sorts of occupations such as watering, gardening, cultivating, cleaning etc.

Other Activities

Awareness Programme

4 Awareness is creation programmes were organized in the school premises which helped in the medical treatment of the children affected by mental retardation, cerebral palsy, autism and multiple disabilities. From time to time awareness programmes are arranged for the parents, siblings, and for the public. Now more and more people come to know about the school, the need of early intervention and mainstreaming. In all the meetings about 25-30 parents & siblings attended.

Outreach Programme for Family visit & Counseling:

We carried out field visits in 12 villages to the disability affected families for guidance, counseling, awareness, information & financial assistance to disabled children namely mentally challenged deaf & dumb and physically handicapped, for their educational expenses to buy their study materials, for various therapies like physiotherapy, speech therapy, behavioral therapies, corrective surgeries, through Jan Vikas Samiti, Varanasi.
