About Us

The first unit of Noble Mission started in 2000 at Monoharpukur Road in South Calcutta. The center was shifted to Mukundapur in 2005 and to its present premises 2010. Noble Mission special school caters to the individual needs of nearly 100 children coming from all sections of the society, age ranging from 3 to 20 years. At Noble Mission special school, the program focuses on overall development of child depending on needs as well as potential.

The main target group of Noble Mission are CHILDREN and ADULTS with Intellectual Disability & associated disorders like Autism Spectrum Disorders, Learning Disability, Attention Deficit Hyperactive Disorders, Down Syndrome, Hearing and Speech impairment etc.

Majority of this population do not have a visible conspicuous syndrome & only a small percentage has physical deformity

to be observed overtly. They are mostly misunderstood by the parents; they think the child is obstinate & not willing to learn. Reality sets in when their child's academic performance does not match their expectation; societal expectations also multiply the problem.

Generally, these children

- show delayed developmental milestones

- are clumsy in activities requiring coordinated muscle movement

- possess poor attention span

- poor memory etc.

as a result, they take unusually long time to learn concepts and tend to forget easily. In many cases the above factors lead to dependence on others for their daily living activities.

Due to misinterpretation by parents some of them tend to acquire odd behavior. These children need various therapeutic services as well as planned teaching strategies by trained professionals for their development, management of behavior & independent living in future.

At Noble Mission a team of professionals like psychiatrist, psychologists, special educa-

tors, social worker, physiotherapist, occupational therapist, speech therapist and others work together towards providing comprehensive curriculum followed up by specialized intervention program, so that the apparent non conformity with peer group can be minimized & performance can be maximized to help them cope up with the family expectations & reduce over-dependence on others for their living.

At our center we try to serve them from their young stage of life. After early intervention they are admitted to special school unit where independent living skills are taught along with Functional Academics.

On attainment of 15 years of age they are slowly exposed to pre-vocational skill training. By the time they reach 18-20 years, in majority of cases they learn to perform their self help skills; the rate and quality of achievement of skills depends on the degree of challenge and consistency in intervention.

After graduation from the school unit they have the option of joining the Sopan Center of Noble Mission which serves

At an Awareness program with **Dr Sashi Panja**, Minister for Women and Child Development and Social Welfare, Govt of West Bengal

adult trainees in vocational and life skills training. On attainment of 15 years of age they are slowly exposed to pre-vocational skill training. By the time they reach 18-20 years, in majority of cases they learn to perform their self help skills; the rate and quality of achievement of skills depends on the degree of challenge and consistency in intervention. After graduation from the school unit they have the option of joining the Sopan Center of Noble Mission which serves adult trainees in vocational and life skills training.

Presently, the activities of the Organization are funded by donations and endowments, subscriptions and user charges collected from beneficiaries and a contingency grant allotted by the Mass Education Extension Department of the State Government.

Audit

All statutory accounting norms are maintained and are regularly audited as per government and statutory regulations.

From the Secretary

It gives me great pleasure to report the completion of another successful year. With the support of TEAM NOBLE and the Governing Body the organization has continued to provide its services to the challenged and associated population.

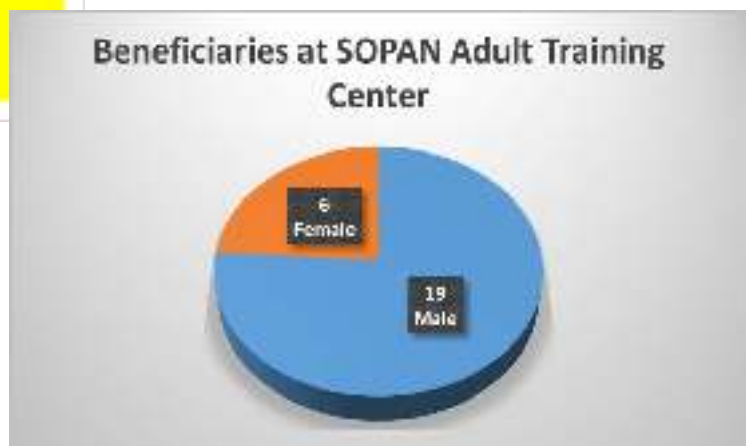

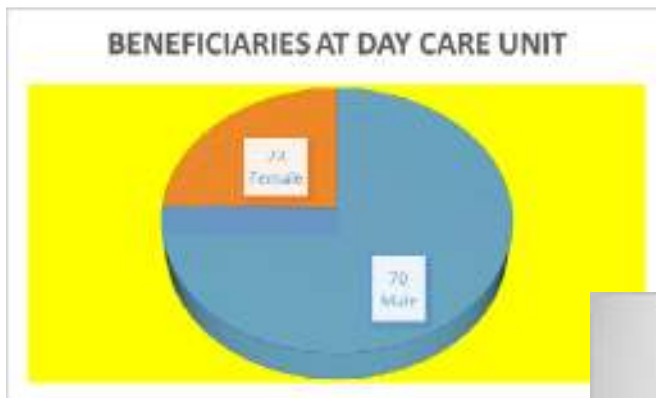

All through the year we were involved in various activities both in-house and invitational.

The school management have had multiple sessions with parents which has contributed to the overall development of beneficiaries.

The finances of the organization was well managed and we have now embarked on our ambitious project of constructing an annexe to run a vocational set-up with a wider range of products. The annexe will also have a composite computer aided learning facility with the collaboration of other organizations who specialize in this area.

I take this opportunity on behalf of the Governing Body to thank our parents for their continued support as well as our supporters and sponsors for being beside us in all our efforts..

Lina Bardhan

The Year at the Center :

As a regular part of our Vision Statement Noble Mission endeavors to keep up the effort to accomplish its mission and constantly strives to scale up its standard. The year 2018-19 had regular activities as per the calendar as well as new activities which helped everyone gain new experiences and sharpen the existing skills of our beneficiaries and also our staff.

The Annual Function

The first major event of the year was the Annual Function which was celebrated on 4th April at Uttam Manch. The program started with Ganesh Vandana followed by a skit by Pre-Primary & Primary students; this was followed by a medley of folksongs presented by our students. This was followed by a full length drama "Jaduker Deshe" which was appreciated by all present. Eminent singer Sri-kanta Acharya, Commissioner (Disabilities), West Bengal Govt and other guests from different fields graced the function appreciating the effort by the students and supported by staff.

Excursion

On January 24th, 2019 an Excursion was organized by for students & parents Sonarpur. Everyone enjoyed the outing with great enthusiasm. This event was supported by Dept. of Mass Education Extension, Govt. of West Bengal.

Annual Sports

The Annual Sports was held on February 8th with much fanfare. Many distinguished guests were present at the event. Students from the Physical Education Dept of Jadavpur University performed the duties of Technical Officials under the guidance of Sports Section Coordinators. The whole Noble Team was present at the ground to help in the conduct of the events which had been

planned keeping in mind the abilities of each student. Students from Sammilani Teachers Training College helped as volunteers. Colorful Medals and Ribbons were awarded by the dignitaries, parents and teachers. Students from Calcutta Public School were present like earlier years to act as peer partners and cheerleaders. The events ended with events for parents and teachers.

Special Initiatives

With the guidance and support of Shri. S. S. Vinayak, Retd. Asst State Commissioner – Disabilities, Govt of West Bengal, the centre organized a training program on UDID (a new Government Initiative of issuing Universal I.D. Cards for PWDs was held on 25th August 2018 . Nearly 30 Participants from other organizations benefited from the training. The hands on training helped participants overcome glitches that they were facing in accessing and updating the centralized portal created by Department of Empowerment of Persons with Disabilities, Ministry of Social Justice & Empowerment, Government of India.

A Workshop named “Handwriting without Tears” was held on August 10th 2018 for the special educators and professional staff of Noble Mission & Special Educators from other organizations also joined the same. The workshop was conducted by Sri Subhendu Moulik. It was a wonderful experience as expressed by the participants.

CRE’s under Rehabilitation Council of India

Noble Mission hosted a 3 Day CRE program approved by Rehabilitation Council of India on “Vocational Training” from 16th to 18th November 2018 for 30 Rehabilitation Professionals. Resource Persons and speakers with vast experience conducted the program.

Internship & Practical Orientation in collaboration with Training Institutes and Universities

Students pursuing various professional courses visited Noble Mission from Institute for Education of Women, Hasting, Teachers Training Centres of Pradip Center for Autism Management, Sammilani B Ed Training College, Calcutta Deaf & Dumb Teachers Training Centre and various Department of Calcutta University and other training Institutes.

Parent Counselling and Training Sessions

Throughout the year sessions are planned to have group discussions with parents on curriculum planning, behavior management etc.

Milestones to be Remembered

The art work at Cover page of “Sfuron” Magazine published by the Dept. of Women & Child Development and Social Welfare was a painting by Anisha Nandy, trainee of Sopan Centre .

Noble Mission was also involved in the working group formed by CEO to ensure increase in PWD voters in the forthcoming election. Arko Roy was part of the promotional Video produced by the Commission.

Samrat Datta was felicitated by Dept. Of Mass Education Extension for his remarkable development over the last three years.

Urbi Pal, student of Noble Mission was donated with some financial assistance by Famochi for supporting her training & education.

The institution celebrated all National events like Netaji’s Birthday, Republics Day, Independence Day,
