## **FOREWORD**

I feel proud to present an overview of the progress of various programs of our organisation, which is observing its 33rd anniversary.

In the year 2021-22, BIRDS has been successful in implenting several programs like Quick Detection and Quick Education,' 'Deficiency in Speech and Hearing, Enable India, Animal Husbandry programs supported by NABARD, Farmer Producers' Organistions, Community organization under Watershed Development for Drought Proofing project, Dhvani Nirantara training, 'NIRAMAYA' Carers Worldwide Caretakers Program of the National Trust, Stree Shakti, DMN, Literacy program under the Slum and District Panchayat Link program, Strengtehning of the NGO Federation and several Urban and Rural Development activities. Several donor agencies like APD Bengaluru, Exilo, Mumbai, Enable India, NABARD, Agriculture Department, Dhvani, National Trust, Carers Worldwide Adult Education (Loka Shikshana) Department, and several Federations have extended support to us. Implementation of all these programs has been successful due to the efforts of the field-level activists, support by donor agencies, Government Departments, volunteers, government and quasi government agencies, CSR Companies and beneficiaries. Encouragement from the BIRDS members, advisors and administrative board members and suggestions of several societies have helped us to continue our success journey. It has also helped to update all the legal renewals required. The training and guidance of Dhvani Foundation in completion of reports and other documents has helped us a lot.

Our Auditors provided us valuable guidance in updating the important documents. As a result of the support and blessings of all, the zeal to continue our good work has existed. I wholeheartedly thank all those who have supported us directly and indirectly and present the 33rd Annual Progress report.

Thanking you,

Place: Hungund

- The Belagavi Revenue Division level Watershed Development Programs Progress review meeting was held on 28/06/2021, under the leadership of the Watershed Development Department Commissioner. The meeting was held at the Office of the District Joint Agriculture Director, Bagalkot. Preparation of the Net Program was discussed in the meeting. The members were asked to conduct a survey of 300 farmers

and find out what saplings do the farmers need along with the statistical data. Accordingly, a farmers meeting was held under the leadership of Horticulture Department Assistant Director Smt. Hema, on 30/06/2021 at Chillapura Village.

- A Detailed Project Report is also prepared accordingly and submitted it to the officials concerned. Executive Committee (EC) has been formed at Gurudra S.C, Muradi, Vadageri and Kelura Gram Panchayats.
- **S-1 training for Women Self Help Group members:** Training was provided to a total number of 600 women members. Information about the background of the program, its aims, purpose, benefits for farmers, advantages, were explained to the participants.

The participants were explained about the importance of savings in order to help other SHGs, to show there is strength in unity. They were told that saving a small amount of money from their total income and depositing it in the group bank account would lead to accrual of a big amount. This would help them to get loans at lesser interest rates. Using that they can undertake livelihood income generating activities. For this SHGs are required, they were told.

The members should be between the age group of 18 to 60 years. Landless, labourers, SC/STs and people belonging to other weaker sections should get the membership. All of them should have same social, educational status, should belong to the same street, locality and should have mutual trust and belief and respect between each

other. They can name it as per the demand of the group members, and should open a bank account in the same name. Office-bearers should be selected and meetings should be held regularly. All the required documents should be maintained, they were informed. The program should begin with an invocation and all the members should participate and decisions should be taken with the consent of all.

**U-1 Training for User Groups:** Special training programs will be conducted based on the farmers activities who are in the users groups. Like the SHGs, the User Groups should also make savings and make arrangements to disburse loans to the members out of the savings amount at lesser interest rates. Bank account should be opened and guidelines should also be framed concerning subscribing for treatment of land. The members of the User Groups will play a vital role in preparing plans at the farmers-level and include the same in the action plans. Representatives from User Groups shall be selected and they shall be made members of the Watershed Committee.

**Method of conducting meeting and responsibilities of the members:** All the members should sit in a circle. Let the meeting commence with a prayer. One among the members should be selected as the leader to conduct the meeting. Welcome speech should be prepared and attendance should be taken. Read the decisions of the earlier meeting, collect details of the topics that have to be discussed from all the members. Money matters should be completed. Discussion should be made about all the points one after the other and a decision should be taken and documents should be maintained. Ensure that the Users Group functions properly, maintaining books of accounts. Should attend training programs conducted for the representatives. Help the members in taking proper decision. Should look after financial matters of the group and get auditing done regularly. Ensure adoption of the Watershed Committee action plan in the group. Intervene if there are any misunderstandings or quarrels in the group. Should visit banks and coordinate in getting loans for the group and ensure proper repayment of the loans availed.

While preparing action plan, instructions should be given to the farmers of their respective areas to participate. Monitor implementation of the action plan, ensure that the benefits of

the programs reach micro, small farmers, SC/STs. In case of any mistakes in implementation, immediately it should be brought to the notice of the Users Group and Watershed Committee members and ensure proper steps are taken to set it right. The participants were also informed about the purpose of MGNREGA and jobs provided to the labourers under the program. Works like forming pits and agricultural ponds in farmers fields are undertaken under this program.

Signatures of the Panchayat Development Officer and Gram Panchayat President, Agriculture Officers and Assistant Agriculture Director have been taken and it has been submitted to the Afzalpura Office.

**Training to Women Self Help Group members:** Training was provided to 600 women SHG members. They were educated about the background, purpose, aims of the program and its advantages to the farmers and the members. They were also informed about the importance of savings in order to help other SHGs mutually, to show that there is strength in unity, encourage saving a small amount of money from their income every week/ month in the group bank account. It accrues to a big amount which can be disbursed as loans to the members at lesser interest rates, which will in turn help them to undertake livelihood income generating activities and help to increase their income.

The members should be between 18 to 60 age group. Landless, labourers, SC/STs and people belonging to other weaker sections should get the membership. They should belong to the same social and educational status and same street, locality and should have trust, belief and respect for each other. It shall be named based on their common consent and a bank account should be opened in the same name and representatives should be selected. Meetings should be held regularly and all the documents of the group should be maintained. The meeting should begin with a prayer and all the members should participate and decisions should be taken with the consent of all.

**U-1 training to User Groups:** Based on the type of farmer activities in the group training programs will be organized for the group. Like Self Help Groups, User Groups should also frame guidelines to save money and utilize the savings amount to disburse loans among the members. Open bank account and arrange loan facilities and collect subscription for treatment of fields. The User Groups will play a vital role in preparing plans at the farmers-level and adopt the same while preparing the action plan. Representatives from the User Groups should be selected and they should be made members of the Watershed Committee.

### **Procedure of conducting the meetings and responsibilities of the members:**

All the members should sit in a circle. Let the meeting commence with a prayer. One among the members should be selected as the leader to conduct the meeting. Welcome speech should be prepared and attendance should be taken. Read the decisions of the earlier meeting, collect details of the topics that have to be discussed from all the members. Money matters should be completed. Discussion should be made about all the points one after the other, and a decision should be taken and documents should be maintained. Ensure that the Users Group functions properly, maintaining books of accounts. Should attend training programs conducted for the representatives. Help the members in taking proper decisions. Should look after financial matters of the group and get auditing done regularly. Ensure adoption of the Watershed Committee action plan in the group. Intervene if there are any misunderstandings or quarrels in the group. Should visit banks and coordinate in getting loans for the group and ensure proper repayment of the loans availed.

## IX. Literacy Program

The Literacy Program, which was stopped during the COVID-19 Pandemic time has been recommenced through the volunteers.

On 27/01/2022, tests were conducted by 140 volunteers comprising 1400 illiterates of Stree Shakti groups in Dhanura, Chittaragi, Gorabala, Nandawadagi and Kandagalla Gram Panchayats. Overall 90% results were obtained. Out of the 1400 beneficiaries, 1089 have now become literates and 319 are failed candidates. Likewise, 1800 illiterates in slum areas were identified and 180 volunteers made efforts to make them literates and obtained 90% results in the test.

As per the D.M. Nanjudappa Report, literacy program was conducted covering 2000 illiterates in the backward taluk gram panchayat limits. As a result of this 1525 people have become literates now and 475 have failed. The program has registered 90% result under this program in Aihole, Kelura and Chikanaala Gram Panchayats. 38 volunteers made efforts to make 382 illiterates read and write under the District Panchayat Link Program. Beneficiaries include people from Amaravathi Gram Panchayat and Timmapura and Ramawadagi. This efforts have yielded 95% results.

Overall the volunteers made efforts to overcome illiteracy even during the COVID-19 Pandemic period. We extend our gratitude to the volunteers for their efforts. We also would like to thank the Loka Shikshana Department District Adult Education Officer and Staff, Taluk Coordinator and Executive Officer, Gram Panchayat staff and Higher Secondary School staff.
