CHILD LABOUR PROGRAMME:

A common job usually homeless children do is rag-picking in which boys and girls as young as 6 years old shift through garbage in order to collect recyclable material. Rag-pickers can be seen alongside pigs and dogs searching through trash heaps on their hands and knees, other common jobs are the collecting of firewood tending to animals street vending dyeing begging prostitution and

domestic labor children that work are not only subject to the stains and hazards of their labour but are also denied the education or training that could enable them to escape the poverty trap child labourers suffer from exhaustion, injury exposure to dangerous chemicals in addition muscle and bone affections. Keeping that in our view our organization has been carrying out awareness program on child labourers child, rights to the employers and parents that we also rescue and mainstream into education with the support of government and other organization.

PROMOTION OF AYUSH INTERVENTION FOR IMPROVING HEALTH CAMPS

The Ministry of AYUSH was originally set up as a separate Department of Indian Systems of Medicine & Homoeopathy (ISM&H) in 1995 with the mandate, inter alia to formulate policies for development of Ayurveda, Yoga & Naturopathy, Unani, Siddha and Homoeopathy (AYUSH), their propagation and promotion within and outside the country. The scheme is being implemented with a district/block/Taluk as a unit for the roll out of only proven AYUSH interventions. This scheme aims to provide grant-in-aid to Government / Non-Government organizations for the roll out of only proven AYUSH interventions for improving health status of the population through AYUSH interventions, like distribution of medicines, organizing Health awareness camps etc. There is a need for spreading the knowledge & benefits of AYUSH system of medicine to the large section of people across the globe. This is possible only if the drugs and practices are validated through an exhaustive research process based on standard parameter.

OPEN SHELTER FOR STREET CHILDREN

Street children in India face additional vulnerability because of their lack of access to nutritious food, sanitation, and medical care. Street children lack access to nutritious food because many are dependent on leftovers from small restaurants or hotels, food stalls, or garbage bins. Lack of sanitation in bathing, toilets, and water also contributes to poor health. In the same study of street children in Bidar So, For Like That Childrens we are giving Free Food, Free Shelter, Free Health Check Up around the Bidar District with Own Management Contribution.
