

With grateful heart I would like to thank Roshni partners, donors, benefactors, sponsors and well - wishers for their unconditional support and cooperation. Roshni Trust is rendering its service over 23 years, and strives to enhance the quality of life of its focused groups and preserve the environment through sustainable right based approach. Roshni Trust is working towards Children Rights, CHILDLINE, Women Empowerment, Community Organization, Inclusive Education, Early Intervention and Early Education for disable children, construction workers, Early language Learning centers, Roshni Rehabilitation Centre for addicts, unorganized youths and tailoring Unit for young girls. Specially we

carry out our programmes for the care, protection and social reintegration of children, of all the castes and creeds. It provides an integrated holistic service to vulnerable children - within an environment that is conducive for optimum development. This helps to empower and integrate them into mainstream society Advocacy and Outreach efforts also include working closely with the government.

The activities involve economic independence of women through awareness and linkage with livelihood schemes, capacity building through skill development and awareness of their rights, developing consciousness towards health and hygiene, facilitating group formations, and their participation in social activities and decision making.

The Covid-19 pandemic caused unexpected concern and distress. The hands that regularly sent remittances back home had to then depend on the meager food basket of the house. Back home there are also no work opportunities for the migrant workers. It is in this circumstance. Roshni continued to function from the field offices using masks, hand washing and maintaining social distancing, and maintaining utmost safety by providing 4, 800 Dry ration kits, 3000 face masks and needed things to vulnerable families, namely, migrant workers, disable families, senior citizens, auto and taxi drivers, and our beneficiaries.

The year was full of excitement, enthusiasm, and togetherness yet challenging and definitely with shared understanding...I take this opportunity to thank each of my colleagues for their dedication and commitment in building "Just and humane society with sustainable development". I look forward to the same passion to continue in coming days in achieving our mission.

Sr. Shanthi D'souza
