Message from the President's Desk

"Time", they say, "flies". I am convinced that it really flies for I have been receiving persistent SOS calls, to submit the President's message for the Annual Report 2022-23. Another eventful year have we crossed. During the Financial Year 2022-23 we did finally overcome the ill-effects of the Pandemic that plagued the entire globe. Feels like we have all passed over a long, bad dream. During this year our financial health has improved. All our activities have matched the pre-pandemic levels. For this quick recovery and the forward journey, we convey our heartfelt gratitude to all our benefactors, sponsors, donors, well wishers and to all our dear staff members. To our dear students, we do not forget that we all exist for "you".

Thanking You All,

Adhip Chaudhuri, I.A.S. (Retd.)
President, Spastics Society of Karnataka

Message from the Director

HEAD, HAND, HEART - all three should be understood.

Head - our head should think about how much the child understands what we are teaching, which is ofcourse, different from child to child. This is our own interaction and attention to a child's intelligence and application of that intelligence at various levels.

Hand is action - how are we going to make sure what is in their thinking that can convert to action which can be done through games, play, classroom activities and so on.

Heart for any adult who thinks of the welfare of children, who is with them for various reasons. With all our brilliant ideas and activating principles, if we do not have a deep understanding of child's feelings in terms of sensitivity, capability, understanding and our heart full of kindness (another terminology is empathy). All three are equally important for child in front of us to learn with happiness and go further in the road of learning.

Mrs. Rukmini Krishnaswamy
Director

M.S. (Child Development and Early Child Education), Harvard University, U.S.A.
M.Ed., Sp. Ed. - Boston University
Diploma in Child Psycho-Therapy, Harvard University, U.S.A

Message from the Medical Director

I am writing this letter for the Spastics Society of Karnataka with immense happiness. Every single person in the SSK family has bravely fought the global epidemic and strived to be better this year. The staff's dedication and commitment to helping the children and their families is past words. The staff's service at the Centre and through the Outreach projects is highly commendable. I hope and pray for everyone performing this kind service to be healthy and happy.

Dr. M S Mahadeviah
Honorary Medical Director
MBBS, DABP (USA), FAACP & DM
Pediatrician & Pediatric
Developmental Neurologist

Friendship is about being INCLUDED - irrespective of what are abilities are, how we look, what we think; an intrinsic bond of pure love, happiness, joy and care surrounds our friendship...this is all we LEARN and together we SHARE.

(L to R) Harsha, Sandeep, Pramarth, Amarnath and Punith

Services Offered at Spastics Society of Karnataka

Spastics Society of Karnataka provides Diagnostic and Rehabilitation Services to children with Neuromuscular and Developmental Disabilities, with special focus on - Cerebral Palsy; Intellectual Disability; Autism; Multiple Disabilities; Learning Disabilities / Difficulties; Language and Speech impairment

Diagnostic and Research Centre (DRC)

- Medical Diagnostic Services -
 - Neurology; Orthopaedics; Pediatrics; Ophthalmology; ENT; Psychiatry; Dental
- Allied Health Services
 - Developmental Therapy Service(physical/occupational/sensory integration/speech & language)
 - Child Guidance Services(Psycho-Education and Clinical Psychology)
 - Family Support Services (Medical Social Workers)
 - Centre for Assistive Technology & Life Skills Training(CATELST)
 - Tele Rehabilitation

Educational Services

- Early Special Education Programme(ESEP)
 - Individual Intervention
 - Joyful Learning Centre

- Centre for Special Education(CSE)
 - Formal Education
 - Basic Education and Life Skill Training
 - Learners' Centre
- Rainbow Centre for Autism Spectrum Disorder
 - Mathru Chaya - Respite Group Programme
 - Technical Cell (Consultation services for schools and teachers)

Vocational Services

- Inclusive Vocational Skill Training Centre
- Centre for Creative Growth (Art Unit, Saath Saath, Creative Art Unit)

Community Based Rehabilitation (CBR) and Outreach Programmes

- Indira Gandhi Institute of Child Health (IGICH)
- Early Intervention and Rehabilitation at District Hospital, Ramanagaram; District General Hospital, Devanahalli; Satellite Units at Devanahalli and Doddaballapur; Command Hospital; RajaRajeshwari Hospital; Dr. Chandramma Dayanand Sagar Institute of Medical Education & Research, Harohalli
- 12 Government Schools in Harohalli

Human Resource Development and Training (HRDT)

- Diploma & Certificate Training Programmes
- Workshops and In-service Training Programmes

Highlights of 2022-23 - the year that was...

Through a tapestry of service, achievements and heartfelt connections, we continued to champion positive change, turning dreams into reality and empowering lives with compassion and purpose.

Awards & Recognition

“ We are what we repeatedly do. Excellence is not an act but a habit “
- Will Durant

1st April, 2022 Director, Mrs. Krishnaswamy of SSK & Dr. Krishnaswamy were felicitated by the Health & Family Department, Govt of Karnataka at District Hospital Ramanagaram.

1st April 2022 - Chand Pasha, Coordinator was felicitated by Rotary Club of Bangalore at District Hospital, Ramanagaram.

Sumithra G R, Program Director - CBR services and Sub Centre Rehabilitation Clinic and her team were honoured by the doctors of Indira Gandhi Institute of Child Health (IGICH) for rendering selfless services on the occasion of Ganesh Chaturthi.

Senior staff - Kairali Nair, Sumithra G R, Mala Danabalan, Padma J, Rajeshwari and Sarita Mehra were felicitated for their long standing, dedicated professional service to the children of SSK on the occasion of Women's Day by Britannia Industries.

Student Achievement:

Appreciation goes a long way as a motivator..

2nd September 2022 - Jeevitha A, Abhigna C S, T Ashwin, Dhanush N, Karthik V received the CIPLA Foundation Merit Award for top scoring students in their Secondary exams through National Institute of Open Schooling.

- Our talented students brought home the Championship and Rolling Trophy at KALANGANA 2022, a cultural festival for the differently abled by Information and Resource Centre, Bangalore.
- At the Vocational Centre, Aditya, Anthony, Balamurali and Jeffrey were placed in Riant Technologies and Timothy as a shop floor assistant.
- Shailesh, our very own singer with a golden voice from Learners' Centre gave a music (ghazal) performance at the Yahoo Inc Annual Day.
- Rakesh, student from Learners' Centre won 2nd prize in the Art competition held by Karnataka State Council.
- Students of Learners' Centre welcomed the New Year with the hope of new beginnings with a friendly football match with students of Ananya Trust.

Our interactions with the Government

SSK thanks Smt. K.S.Lathakumari, I.A.S, Director, Directorate for the Empowerment of Differently Abled for visiting SSK, interacting with the children, parents, staff and understanding the rehabilitation services and activities provided.

Students and staff interacted with Hon. Chief Minister Shri. Basavaraj Bommai on - International Day of Persons with Disabilities held at Kanteerava Stadium on 3rd December.

Service Activities

The outgoing students of grade 10 & 12 were honoured with a Farewell Party. Speeches, cultural programme, games and lunch marked the day. We wished them all the very best for their graduation/ courses outside.

The second batch of 30 teachers, trainees and mothers successfully completed 30 hour training on 'Demystifying Sexuality Program for Gender Studies & Sexuality Education' conducted by staff members Arti Raina, Nandita Reddy, Sarala T R and Sarah Singh who are under training as Master Trainers by Enfold Trust.

The Early Intervention and Rehabilitation Unit shifted to the premises of the newly constructed District Hospital in Ramanagaram on 2nd March.

The unit at the R L Jalappa Hospital, Kolar was reopened and resumed services once a week on 8th March. Thanks to Dr. Krishnappa, HOD Paediatrics for inaugurating the unit along with Dr. Prasanna Kamath, HOD, Community Medicine.

Events @ SSK

World Autism Day was celebrated on 5th April 2022 at SSK where special guests Rohan Junghare and Alyx Albuquerque delivered messages to the children and staff. A cultural program was presented by SSK students.

World Environment Day was celebrated with a unique Tree Plantation Campaign by Brahmakumaris at the campus.

The **75th Year celebration of Independence Day** was celebrated with a grand event, the theme being Unity and Peace for All. Chief Guest, Sri Vasant Rao, Managing Director of IDC India and South Asia gave a message on facing one's individual challenges with grace, strength and determination; followed by cultural events by our children.

Celebrating Festivals keeps us all rooted to our culture and for our children it's no different. Colourful clothes, tasty eats, music and dance, joy and cheer marked the day - Janmashtami, Ganesh Chaturthi, Onam, Dasara and Christmas.

SSK hosted the Book Launch of **GRIT - The Vishwas Story** on 8th November. Thanks to VRFerose, Senior Vice President and Head of SAP Engineering Academy and Vishwas KS for their inspiring presence and Special Guest, Vrunda Bhat, Trustee of Children's Movement for Civic Awareness.

Sibling Day with a special message from Director, Mrs. Rukmini Krishnaswamy and Programme Director, Padma Janardhanan along with sharing experiences on being siblings, games and snacks.

4th February marked **40 years of SSK**, a very memorable day for everyone with an inclusive event **International Day** covering six countries, with children of SSK and mainstream schools participating.

Kalakriti – Annual Art Show at Bharatiya Vidya Bhavan was held on March 24 and 25. A total of 100 paintings were displayed. The words of encouragement received by the Chief Guests Dr. Gomathi Gowda, Principal, College of Fine Arts, Karnataka Chitrakala Parishath and Shri H N Suresh, Director, Bharatiya Vidya Bhavan gave the student artists hope for a great future in art.

CSR/Donor Support:

15 peto chairs for deserving children of Ramanagram unit were distributed by Rotarians Lakeside Bengaluru in the presence of Dr. Shashirekha Priyadarshini – Paediatric Nodal Officer, Nutrition Rehab Centre, District Hospital, Ramanagaram

The culmination of a year long **Life Skills training** for the boys group of Learners' Centre was an overnight camp at Camp Shrishti and a day at WONDERLA Water theme park for the boys of Vocational Training Centre as a reward for consistent work on the Self and their social emotional regulations.

With the support of Inner Wheel Club of Bangalore, the Sensory Pathway was planned and set up at the Diagnostic and Research Centre.

SSK thanks the IKEA team for organizing an awareness visit for the staff and students of Learners' Centre at their store.

Volunteers from TAJ involved students in the art of icing and decoration of cakes in the bakery unit.

SSK received a School Bus from CSR partnership with **M/s Virtusa** and a Winger for the Sub Centre from **Can Fin Homes Ltd**. The inauguration day of the vehicles was a happy one with representatives from both companies supporting the services at SSK.

SSK thanks **Citrix R&D Pvt. Ltd** for the donation of 5 laptops and 5 computers for the use of children at the Centre for Special Education and Diwali sweets. SSK is grateful to Citrix for the continued CSR partnership towards the project 'Part Sponsorship of children'.

Corporates visit SSK Campus

- M/s Virtusa Senior Management team, led by Mr. Amit Bajoria, Chief Financial Officer visited on 19 October 2023 to hand over a School Bus to SSK as part of CSR support.
- Employees from WIPFLI India, Yahoo Inc., Tektronix India Pvt. Ltd, TCS India – ABN Amro Netherlands, Janes India, VFISLK Global Services and Taj Group visited SSK Campus as part of their Employee Volunteering Day.
- Senior Management teams from Menzies Aviation Bobba and Mindtree Foundation visited SSK as part of the CSR project requirements.

Diagnostic & Research Centre (DRC)

“The best way to find yourself is to lose yourself in the service of others.” – Mahatma Gandhi

Direct services resumed at the Diagnostic and Research Centre with meeting the post-covid demands and referrals. Addition of Child and Adolescent Psychiatrist, Dr. Sravanti and Psychologist, Meghana Kashyap at the Diagnostic and Research Centre have strengthened services and brought in valuable expertise. SSK is now empanelled with the Karnataka State Education Board as a certifying authority for learning concerns, expanding its scope of influence.

SSK records its sincere thanks to the Medical Director, Dr. Mahadeviah; Orthopaedic Surgeon, Dr. Gautam Kodikal; Paediatrician, Dr. Kamakshi Kannan; Ophthalmologist, Dr. Sudha N M; Developmental Paediatricians, Dr. Chitra Shankar and Dr. Prafulla Srinivas; Hon. Consultant Psychiatrist; Psychotherapist, Dr. Shobha Ramesh; ENT Surgeon Dr. Bashrat Nadeem and Department of Community Dentistry of Dr. B. R. Ambedkar Dental College for continuing to support our children and families.

Family Support Services

“Relationships are based on four principles: respect, understanding; acceptance and appreciation.”– Mahatma Gandhi

The Unit is the first point of contact at SSK for all families in need of services. Family Support Services are an integral part of the services, as our philosophy has always been Family Centred and parents are considered an integral part of the Rehabilitation Process of the child. This philosophy is put into practice through our team of Medico Social Workers whose work spans across all services and units of SSK. Initial screening, guidance and direction; Counselling with parents; Pre Case Conference Meetings; Facilitation of surgeries by coordinating funding and hospitalization processes; Facilitation for parents availing UDID and Niramaya Health Insurance scheme and integration of the child into mainstream society at various levels, like schools, colleges or employment were some of the activities undertaken in the academic year.

Highlights:

Support to Parents:

- SSK has provided guidance to 1360 new parents and 1200 existing children at the main centre, while also facilitating curricula accommodations and exemptions for exam taking for children with disabilities in collaboration with NIOS, CBSE Board, and parents.

Coordination with service departments of SSK:

- Collaborated with Learners Centre and Centre for Special Education to address concerns of adolescents, working closely with psychiatrists and the team to develop strategies and preventive measures.

Coordination with Government and external agencies:

- SSK, representing the following disability services - CP (Cerebral Palsy), IDD (Intellectual and Developmental Disabilities), and SLD (Specific Learning Disabilities), is an active participant in the Government committee for Post Identification in Government Jobs.
- The unit established a network with the district Mental Health Team at K R Puram Hospital for certifications; the team of Medico Social Workers aided by interns facilitated Niramaya renewals in rural areas.
- Pursued correct transfer documents for CwSN (Children with Special Needs) who joined SSK.
- Representation to Senior Divisional Commercial Manager, Railways Department, Bangalore, regarding the need to consider UDID for availing the Divyangjan Railway concession Photo ID card instead of the additional Govt. Medical Certificate again along with the UDID for the same. A positive response is expected.
- Contributions to TITAN Company's policy on supporting staff parents with disabilities.

Management Information System (MIS) support:

SSK has embraced technology by adopting Zoho Client Relationship Management (CRM), streamlining the operations and improving efficiency. Overall, SSK has made significant strides in various areas, benefitting individuals with disabilities and their families.

Allied Health Services

At the Neuro-Rehabilitation Therapy Unit, children across different disabilities were given various therapy services such as physiotherapy, occupational therapy, sensory integration therapy and speech therapy. Our rehabilitation professionals adapted technologies for individual and group motor/ movement sessions which help them in sustaining and emphasizing functional skills to support the continuity of therapy at home.

Therapy department is providing continuous teletherapy services (PT, OT,ST) to parents of children at various outreach centers which

involves the senior professionals from the DRC giving therapy intervention, guidance and counseling with respect to each child's therapy needs.

Highlights:

- **Dr. Rudra Pasad**, Orthopedic Surgeon, Department of Pediatric Ortho, Indira Gandhi Institute of Child Health (IGICH) and his team started their first clinic at the diagnostic and research center of SSK. **13 children received Orthopedic services.**
- SSK resumed therapy and special education services once a week at R L Jalappa Hospital, Community Medicine Department, Kolar from 8th March 2023.
- The department provided training to 57 interns and trainees from various colleges/ institutions across Bangalore.

- Four children were provided with therapy aids (wheelchair, corner chair with lapboard and potty chair) at the main centre.
- Ms. Subhashini (Therapy Coordinator) and Ms. Sujatha (Program Manager – Speech therapy) completed 6 months certification in **Qigong Sensory Training (QST)**. QST is a distinctive Chinese touch based therapy approach used specifically for children with Autism Spectrum Disorders which reduces parenting stress and sensory processing self regulation.
- Speech language pathologist Ms. K Mercy, attended a 3 days RCI-CRE certified conference (March 2023) on **Pediatric dysphagia** and hands-on training on Instrumental analysis on Pediatric dysphagia.

Testimonial

Jonathan started with speech therapy at 3 years and 8 months. He is now 4 years 10 months. His receptive language skills have improved a lot. He is able to follow commands, understands what is being told to him and expresses in simple sentences. His facial expressions and mood have also improved. Expressive language skills require improvement, he still continues to communicate his needs. Not very conversational, indicates his interests rather than talk about it. The emotional support given to both him and me by the SSK team means a lot to us as a family. You are all in our prayers.

Shany Sunny - Mother of Jonathan

Child Study Centre

The **Psycho-Educational Department** works towards the philosophy of Inclusive Education in mainstream schools by supporting school managements and teachers to retain children with learning difficulties in schools. This department is acknowledged by IGCSE, IB, State Board, CBSE and ICSE Board to give recommendations for accommodations to students with learning needs.

Highlights:

- Assessment services was provided to 800 young children that included at risk for learning disability; Progressive Developmental Delay; Learning Disability; Learning Disability associated with Social and Emotional Behaviour Deficits; Autism with Learning Deficits and students with learning issues associated with partial sensory impairments (hearing and vision).
- Trial Remediation of 10 sessions each for students diagnosed at Psycho Educational Unit as students 'AT RISK' for Learning Disability was conducted by the trainees of Post Graduate Diploma in Learning Disability under the guidance of the unit staff.
- Parent counselling on a need basis. These sessions have greatly supported the parents to understand the assessment recommendations.
- Teacher Training Programme - The unit staff were faculty for the two week workshop for teachers of Stracey Memorial School on Overview of Learning Disability; three day workshop for Delhi Public School, Electronic City on Overview of Learning Disability and Management strategies; six month course for Delhi Public School (North) Overview, Assessment and Inclusive education strategies

for students with Learning Disabilities.

- Support provided to Knowledge Centre and Human Resource Training Unit by way of delivering lectures to school teachers, Post-graduate and certificate course; and diploma trainees; correction of examination papers and conducting VIVA.

Psychology Unit

The **objective** of the department is to carry out psychological assessments of children and young adults (7 to 18 years) to determine their strengths, potential & concerns, to aid in further planning, keeping in mind the reason for referral and assessment findings. Assessments cover IQ, emotional & behavioural aspects.

At the **main centre/DRC**, some of the outcome of assessments of children with different developmental disabilities & Neuromuscular disorders has resulted in - Dealing with emotional issues related to Post-covid situations; Enrollment of new children to different units of SSK; Aiding of transition within different units of SSK for children referred for review assessments; Aiding in UDID process for those seeking disability ID; Referrals to special schools, inclusive setups; Seeking professional advice of other professionals; Providing accommodations/ concessions under various Boards – State, ICSE, CBSE, IGCSE & NIOS.

At IGICH Sub-centre, referrals of children have been those with medical conditions, requiring screening & assessments for cognitive, learning, emotional & behavioural aspects. Children with different syndromes, health concerns, low vision, those requiring cochlear implantation, malformation in the brain, developmental delays, those requiring enzyme replacement therapy etc. were provided services.

Highlights:

- The unit provided services for 490 beneficiaries at the main campus and at the subcentre at Indira Gandhi Institute of Child Health.
- One day screening camp was held in March 2023 for 29 children of SSK for the UDID

process. This was done in collaboration with Psychologists from Little Blue Jays Child Care Development Centre.

Educational Services

“The secret in education lies in respecting the student”- Ralph Waldo Emerson

Educational services at SSK aimed at Review and Revise curriculum programs for the children attending regular schooling post covid. Special Educators focused on a myriad of individual as

well as group activities within and outside the classroom to help rebuild the lag if any in children’s cognitive, social emotional as well as physical well being. A year filled with deep involvement of professionals with sustained parent interactions at Joyful Learning Centre and at SubCentre, Indira Gandhi Institute of Child Health (Early Child Education); Centre for Special Education (Formal and Non Formal schooling); Rainbow Centre for Autism Spectrum Disorders; Learners’ Centre (Bridge Groups; Secondary and Senior Secondary through National Open School). The Fitness Training Program was reintroduced to channelise children’s physical energies as well as provide for opportunities of success through games.

Our joyful children of **Joyful Learning Centre** progressed through activity-based learning focussing on visual and perceptual training;

readiness skills; communication and activities of daily living. IEP meetings held twice a year with parents supported priority goals achievement. Home-visits helped in strengthening home based learning. Colour, smiles and fun marked the celebration of festivals; a picnic to Bal Bhavan

with mothers and teachers was a happy time; and the tiny tots not only showcased their talents but also won hearts and prizes at Kalangana.

Our students of the **Centre for Special Education** progressed through project work and individual sessions. The happiness to be back to school itself contributed to their overall progress. Management of behavioural difficulties post-covid was addressed by the team through guidance and counseling for the child and parent

by Consultant Psychiatrist Dr. Shobha Ramesh and the social workers. The Pre-Vocational Training room with a coffee vending machine; washing machine; ironing and xerox was set up to focus on pre-skill training towards identifying skills for future vocational training.

Learners' Centre - The academic session commenced with students back to school and attending the academic program, sports and games and other co curricular activities. 22 students in grade 10 and 10 students in grade 11 & 12 were prepared to take the Secondary and Senior Secondary Examinations in March-April 2023. In the lower grades the focus was on improving reading, writing and comprehension skills to prepare them to take up the exams in the coming years.

Rainbow Centre for Autism Spectrum Disorders - The children were excited to be back on the premises and eagerly got back into the schedules and timetables set out for them. An informal meeting with Director, Mrs Rukmini Krishnaswamy helped build a connection between parents and staff. The children took part in Kalangana and won prizes in singing, art and fancy dress. They were also excited to be present for the book launch of "Grit-The Vishwas Story" and enjoyed being photographed with Vishwas KS and V R Ferose at SSK. Events at Rainbow Centre culminated with celebrating a very inclusive and interactional World Autism Awareness Day at different Units of SSK (Introduction about ASD and Q&A, Demonstration of how we Communicate, We time – Joint art activity and Dance fun).

Highlights:

- International Day, an event based on a project method showcased the culture, language, history and cuisine of six countries. This was an inclusive event with mainstream schools which included a parade, cultural programmes, exhibition and food court.
- Students participation in co curricular events included Quizabled, an interschool quiz competition organized by Seva-in -Action; Kalangana by Information Resource Centre; Sports Day by MBA ESG institution; Sports & Cultural participation on International Day for Persons with Disabilities organised by Dept. of Disability Welfare and Senior Citizens.
- Open Days at SSK at the end of the academic year give our parents an opportunity to be part of the progress of their children; it's a time to be witnessing the many facets of development of children and an affirmation of the planning of goals for each child through their individual educational programmes. The month of March marked Open Days at the Centre for Special Education. Display of children's work; their presentations through public speaking, dance & music; interactions of parents and staff marked the series of open days.
- 10 students completed the basic course in Computer Skills and Personal Development Certificate Training by IBM Volunteers over 12 sessions on Saturdays.
- Students who completed NIOS Secondary in June 2022 received CIPLA Merit awards on 2nd September 2022. These awards are given to the top five ranked students.
- The National Institute of Open Schooling (NIOS) Study Centre conducted Personal Contact Program (PCP) online classes for two batches of students and Tutor Marked Assignments (TMA) correction was done by the subject teachers at SSK.
- NIOS practical and theory examinations were conducted twice i.e in Qtr III (October-November 2022) (58 secondary and 25 senior secondary students appeared for this

examination) and in Qtr IV (March-April-May 2023) (153 secondary students wrote the examination). 22 students studying in grade 10 at SSK wrote the Secondary examination at our centre

- A day's picnic/educational trip was organized to Bal Bhavan in Cubbon Park; the railway station; to Wonderla and Rangoli Garden; an overnight stay at Camp Shrishti.

Centre for Assistive Technology and Life Skills Training (CATELST)

The unit with a small staff of four tech specialists focussed on providing assistive technology services to children with varied needs; train students in Printing and Graphic Design Course.

- 52 students received assistive technology individual and online group sessions in language and communication, computer access, reading and math skills and positioning.
- 60 students underwent training in Printing which included photocopying, scanning, mug fusing, punching and lamination; pre data-entry training.
- 10 students received training in Desktop Publishing.
- 4 students successfully completed the 'Transition to Work' training program and have been placed in a pharma office; as an intern at SSK and home based work model.
- Head of Department, Mrs. Vijaya Rao supported the Training Department through sessions on Assistive Technology for the trainees of professional courses.

Sincere thanks to

Dept. for the Empowerment of Disabled and Sr. Citizens, GoK, Bengaluru for ongoing Grant In Aid assistance under Child Centric Scheme

Azim Premji Philanthropic Initiatives Private Limited, Bengaluru for supporting Comprehensive Rehabilitation Services for Children with Developmental Disabilities

M/s Primavera Hilfe Fur Kinder - Bosch India – Bengaluru for supporting the Skill training for adolescents and young adults with developmental disabilities - Printing Unit

Success story

I am Nandana. Before joining Spastics Society of Karnataka (SSK), I studied at Lake Montfort School (CBSE board) from kindergarten till ninth grade. Math and

Science were my least favourite subjects to study. I was unsure of how to deal with my tension until a relative mentioned SSK, Learners' Centre (NIOS). My mother and sister in addition to the teachers greatly assisted me once I enrolled. I'm not sure where I would be now if it was not for SSK. I wish to express my gratitude to my wonderful teachers at Learners' Centre, Kairali Nair, Nandita Reddy, Celia Mathai and Kanchan Mam. Thank you for being my mentor throughout the years. Apart from studies, I also got trained in Block Printing and BPO skills. Currently, I am pursuing a Hotel Management course at Indian Institute of Hotel Management (IIHM) Bangalore and am on a 5 month internship in France at Hotel Clair Martin.

A Story of Love and Commitment

Gehna is Mohith's mother. 18 year old Mohith, is diagnosed with Cerebral Palsy. He joined SSK at age six in the Early Child Education programme and later at Centre for Special Education. Life has been a challenge for Gehna and Mohith as the family faced an uphill task of the rehabilitation process. Mohith was born with the umbilical cord wrapped around his neck which cut off the oxygen supply to the brain causing the disability. This was unnoticed until he was a year old. Coming from a joint family, Gehna received encouragement and assistance which talks of the importance of familial support. This helped in Mohith's positive growth, alleviating the burden of multiple responsibilities of parenthood especially those of parents of children with special needs. Now having moved into a nuclear family set up, Gehna sees that Mohith requires only minimal assistance in his activities of daily living and is able to do little things around the house to help. She is happy with his progress, but as most parents of specially abled children she ponders about his future and his life after her.

On Friendship

A good friend helps you when you fall down, he will support you and ask how you are. I share my problems with him and I listen to his too. We share many things and he makes me feel very happy. We fight sometimes but later we joke about it and laugh.

Aaron, student of Centre for Special Education

Inclusive Vocational Skills Training Centre (IVSTC)

There are obviously two educations. One should teach us how to make a living and the other how to live - James Truslow Adams

Focussing on the emotional and innate strengths of the students with positivity, the special educators and trainers helped them progress in functional literacy, skill training, life skills, fitness and behavioural challenges. We witnessed the emergence of leaders, artists, craftsmen, sports-champions, bakers, tailors, teachers, dancers, salesmen and many other special skills amongst the students. A significant change was evident in the grooming skills, being punctual and regular to training. They exhibit values while speaking to others by being courteous, helpful, polite and responsible. The year ended with the senior students being placed in internships.

Highlights:

- The unit worked on principles of Inclusion, as a team of students with the various developmental disabilities complementing and learning from each other. Opportunities for presentations of learning outcomes, showcasing abilities were provided through assembly, at events and in the classroom.
- Teacher Aide skill training was introduced with three students benefiting from the course.

- Skills in handling money; retail and sales were honed through exposure to daily sales from the bakery and at stalls in corporates.
- Physical fitness training with Runners High group resulted in few students attending regular training sessions at Cubbon Park on

Sunday mornings and completing marathons.

- Internship placements for student Jeeva at a beauty salon; Kalpana, Harsha, Furquan, Abdul at Mitti Cafe; Gayathri at Centre for Special Education as a Teacher Aide will take them forward towards employment.
- Medical screening along with counseling and guidance to parents was successfully completed. Speech therapy sessions were extended to a few students.
- Thanks to parent volunteers **Anil, Asha, Amina, Chandraprabha, Deepa and Selvi** for their unconditional support and understanding.

Academy for Fine Arts

Art has the role in education of helping children become like themselves instead of more like everyone else. – Sydney Gurewitz Clemens

The unit focussed on supporting children to create art in their own special way. From budding artists with their paintings displayed at our annual exhibition or just on a refrigerator, the staff and volunteers made a DIFFERENCE to every child's efforts at art and movement! Promoting fine motor and problem-solving skills; Enhancing communication and expression; Promoting self-esteem and motivation to succeed were the essential goals for the children. Music Therapy

has helped in supporting intellectual, emotional and motor functions of the body. The various dance movements using Dandia Sticks, Dupattas, Stress Balls, Thread helped students work on eye - hand co-ordination, motor skills, body rhythm, body awareness, group cohesion.

Highlights:

- Volunteers from Yahoo Inc conducted Art Workshop as a part of their CSR activity on 16th September.
- 3 students participated in an Art Workshop organised by Enable India to commemorate World Disability Day.
- Kalakriti – Annual Art Show at Bharatiya Vidya Bhavan was held on March 24 and 25. A total of 100 paintings were displayed. The words of encouragement received from the Chief Guests Dr. Gomathi Gowda, Principal, College of Fine Arts, Karnataka Chitrakala Parishath and Shri H N Suresh, Director, Bharatiya Vidya Bhavan gave the student artists hope for a future in art.
- Sincere thanks to volunteers Meera Hegde, Renu Singhal, Seerat, Madhumita, Aarti Sivakumar for imparting their invaluable skills to the children.

Centre for Creative Growth

With Covid behind us and the campus buzzing with activities, our trainees were back with a new found purpose and energy and our sale of vocational training products received a boost.

At the Bakery & Catering Training Unit - Regular sale of cookies, cakes and nippatu; pastries and puffs; favourite snacks including (vada, bhajji, bonda, pakodas, cutlet, etc.); lunch orders for regular clients in the campus and for events at SSK; takeaways resumed. Christmas specials – cake and chocolates were much in demand. SSK's contribution of cookies and breads to Sishu Bhavan continued. Our sincere thanks to our clients for their orders placed with us - KVS Retired Employees Association; M/s Artinci Artisanal Foods Pvt. Ltd.; India Inclusion Summit; M/s Titan Company; M/s MindTree Foundation; M/s Vindhya Infotech

Sath Sath Unit: Sath Sath unit welcomed three trainees with intellectual disabilities for tailoring skill training and 12 students for life skills training in tailoring and needlework. 10 mothers were trained in screen printing; block printing. The unit received orders from regular clients like Valley School; Rotary Club and Purandhara Bhavan; individual clients who gave wedding and diwali orders.

At the Creative Art Unit, 12 trainees continued with their sheltered workshop training programme and progressed to independent assembly line work completing paper bags; gift envelopes; door mats; photo frames etc. Due to the encouragement of regular clients like T2T Garments; Ayurvedic and individual clients Dr. Yesheswini, Consultant Psychiatrist the unit was kept busy with training and production.

Our sincere thanks to M/s Titan Company; M/s Cipla - units in Jigani and Hosakote; M/s JLL; M/s Oak North India Pvt.Ltd.;; Welcome Group Hotels; M/s IBM; M/s ITC; Mount Carmel College; Trinity Centre; Adarsh Vista; M/s Shell; M/s Sakra Hospital; M/s Euro School, Hoodi; M/s Rotary Clubs of Bangalore for the sale opportunity

at their office premises. Thanks to the entire production team which worked relentlessly to fulfill the orders and made deliveries on time with the best quality products.

Thank You Dear Volunteers of SSK

Our dedicated volunteers who are with us at every step. We thank our Volunteers - **Santhosh Padmanabhan**, Founder Runners High/Trustee, SVM Trust (Life Skills & Physical Fitness); **Gayathri Ravishankar** (storytelling); Sai Darshan volunteers; **Roshan Sahi**, Artist; **Rajesh**, Founder, Theatre Collective; **Srividya**, Founder, Aum Yogashala. A special thanks to our volunteers from IBM, led by **Arun Kumar and Srivatsa** for continuing and successfully completing Basic and Advanced Computer and Personality Development training for adolescent students. Corporate volunteers from Taj Hotels; Cognizant Foundation and Titan for their support. Special thanks to our regular volunteers - **Jayashree Keshavdas, Indira Prasad, Renu Bhalla, Meera Hegde, Padmapriya, Purnima Joshi, Kaveri Kumar, Shanthi Shankar, Sadhana Rao, Purnima Jayaram, Nidhi Dubey, Sumithra Rammohan, Chitra Sundaresh.**

Community Based Rehabilitation

“Most of the important things in the world have been accomplished by people who have kept on trying when there seemed to be no help at all.” – Dale Carnegie

“A Commitment to build diversity, dignity, joy, healing and Inclusion” SSK’s team of professionals and community workers worked in unison towards identification of children with developmental disabilities, strengthening direct intervention services in a Transdisciplinary model with active parent involvement and training at the existing locations, thus developing appropriate functional skills in children and promote inclusive education.

Comprehensive Rehabilitation Services for Children with Developmental Disabilities Supported by Azim Premji Philanthropic Initiatives Private Limited, Bengaluru

The project supports children with developmental disabilities at Indiranagar campus, Bengaluru and children at Early Intervention centres (EICs) at Sub Centre, Indira Gandhi Institute of Child Health; Ramanagaram, Devanahalli, Doddaballapur and Harohalli units. **Team work, Parent Empowerment**

and Community involvement were the highlights of the success of services at the grassroots level reaching out to families in need.

Rehabilitation Centre at Indira Gandhi Institute of Child Health (IGICH) Early Intervention / Rehabilitation Services for Children with Developmental Disabilities Group Programmes for children – Supported by Dept. for the Empowerment for the Disabled and Senior Citizens, GOK; OPD Rehabilitation services supported by Azim Premji Philanthropic Initiative.

Services include diagnostic assessments and follow-up services in physiotherapy, speech therapy, audiology, occupational therapy and special education to children from neonates to 8 years of age. 3000+ beneficiaries supported annually. Thanks to the support of the medical team of IGICH for referrals and medical follow up.

As part of the Group Intervention programme, children are trained in readiness skills for learning; social and behavioural readiness for school and activities of daily living. A picnic to Inclusive Sensory Park in Bal Bhavan, situated inside Cubbon Park was a fun day enjoyed by children and their caregivers. Children, parents and staff actively celebrated festivals with the team of IGICH.

Activities at Ramanagaram Rehabilitation Unit

The Rehabilitation Unit strengthened the partnership with District Hospital with the active involvement of the team of staff. Continuous and consistent intervention programmes supported the progress of children. Reaching out to families through Home and School Visits

and Cooperative Schooling model continued through the year. Mothers were trained at the main centre in Bangalore in Early Child Education Course and Parent to Parent training aimed at home training for child; reflections; building self esteem; bonding, valuing and respecting each other's views on parenting a special child was initiated which greatly improved support and communication around the child. After shifting to the new District Hospital, the unit was equipped with therapy and educational materials.

Activities at Devanahalli & Doddaballapura Rehabilitation Units

SSK Rehabilitation Centre at Devanahalli General Hospital and Satellite Units in Devanahalli and Doddaballapur provide individual and group sessions in early intervention. After initial interventions, children are transferred to Anganwadis and primary schools where SSK staff continues need-based therapy and special education sessions. Pre-vocational training was initiated for children above 12-13 years with focus on paper based products outsourced to SSK's Indiranagar unit. Identified mothers received training in Early Child Education Course and Vocational Courses from SSK's training department.

Vidya Project - Enhancing Literacy in 13 Government Schools in Harohalli Supported by Mindtree Foundation

Enhancing Literacy in 13 Rural schools covered screening of around 800 children and remediation support for 255 children (133 boys and 122 girls) from Grades 1 to 4. The remediation included the areas of reading, writing, math and

comprehension. At the end of the year, 92% of children showed improvement in their areas of intervention. The project also supported health screening for all children under the project. 81 children needed nutritional support. Nutrition kit consisting of Ragi Hurihittu, jaggery and ghee were distributed monthly to the children in need.

Telerehabilitation: Sponsorship for Children with Special Needs Supported by United Ways Worldwide (UWW) & Linde

150 children received telerehab consultations from the medical ; para-medical and special educators from the main campus. The program covered community awareness and supported parent training. Sessions by our team of technical experts providing behavioural and therapy support in these sessions kept the focus of the parents as well as the trainers on maintenance of the child's socioemotional and physical skills as well as guidance to parents on medical and management.

Part Sponsorship of Comprehensive Rehabilitation at Harohalli and Kanakapura

Taluk Supported by IBS Pvt. Ltd.

150 children received centre and home based rehab services which have supported them to maintain their functional abilities. Additional medical benefits were provided through the

- Dr. Rudra Prasad, Orthopedic Surgeon, Indira Gandhi Institute of Child Health
- GP.CAPT Dr. Vivek Kumar, SR. ADV. Pediatrics, Pediatric Cardiologist, Command Hospital Air Force
- Dr. Asha Benakappa, Head of Dept., Dr. Chandramma Dayanand Sagar Institute of Medical Education and Research
- Dr. Adarsh, Professor, Head of Dept. Pediatrics, Raja Rajeshwari Hospital
- Dr. Sahaya Nirmala, Dept. of Pediatrics, Raja Rajeshwari Hospital
- Dr. Niranjan, District Health Officer, Dept. of Health & Family Welfare, Ramanagaram
- Dr. Shashidhar - District Surgeon, District Hospital, Ramanagaram
- Dr. Padma, Reproductive Child Health Officer, Family & Health Dept. Ramanagaram
- Dr. Shashirekha Priyadarshini – Paediatric Nodal Officer, Nutrition Rehab Centre, District Hospital, Ramanagaram
- Mrs. Chitra, DIEC Manager, Rashtriya Bal Swasthya Karyakram (RBSK)
- Mr. Mahadevappa M., Child Health Counsellor, Nutrition Rehab Centre, District Hospital, Ramanagaram AYUSH team - Magadi, Channapatna, Ramanagaram & Kanakapura
- Dr. Gangadhar Jatageri, Chief Medical Officer,

SSK Rehabilitation Unit at Dr. Chandramma Dayanand Sagar Institute of Medical Education and Research; UDID cards, Niramaya insurance, parent training were some of the additional support provided.

Therapy (physio/speech); Special Education and Family Support activities at SSK Rehabilitation Centres at **Command Hospital and Raja Rajeshwari Hospital, Bengaluru** continued with the team visiting three days a week. Medical interventions by the doctors and rehabilitation sessions in the hospitals are supporting the holistic needs of the child.

Spastics Society of Karnataka thanks

- Dr. S. A. Sanjay, Director, Indira Gandhi Institute of Child Health
Devanahalli Government Hospital
- Shri. S. P. Gowda, Block Education Officer, Kanakapura Taluk

Human Resource Development & Training

The greatest sign of success for a teacher is to be able to say, “The children are now working as if I did not exist.” – Maria Montessori

Supported by TITAN COMPANY LIMITED

- ➔ Employment Generating Educational / Vocational Activities with Special Reference to Women
- ➔ Organization Capacity Development & Strengthening Activities

The unit provided professional training for trainees registered for 4 professional courses and 4 skill training courses. These courses are certified by Rehabilitation Council of India; Bharatiya Vidya Bhavan and Spastics Society of Karnataka. Post Covid, mode of delivery of classes was done in a hybrid mode.

The department provided internship and visit opportunities to colleges and institutions. An approximate of 199 interns and 34 institutions and 943 visitors were accommodated under strict safety rules.

International Day Celebration 2023

Saturday, February 4th, 2023 - To conclude the 40 glorious years, Spastics Society of Karnataka opened its doors for a unique school event, International Day Celebration 2023, which brought together the school community and celebrated world cultural diversity. The celebration of International day turned out to be a magnificent spectacle!

Theme revolved around exploring the language, culture, history, geography, cuisine of six countries as part of a curriculum based enrichment project approach for the academic year. Through this process students and teachers together make discoveries and learn about inclusivity and diversity in the world. SSK explored 6 countries: INDIA; USA; MEXICO; JAPAN; EGYPT; SOUTH AFRICA

Our aim was to appropriately integrate special needs children, to participate in the inclusive education program to diminish and remove barriers and obstacles and facilitating Inclusion.

The culmination of this learning experience is the International Day Celebration, a full day of "travel around the world" where each group moves from one classroom (or country) to learning about the other cultures while simultaneously hosting other groups to share their own country. This experience includes passports, Visa stamping, sampling different countries' cuisine, arts & crafts; learning about their country flags, currencies, traditional clothes, world music, dance, informative booth, games etc. It was a beautiful day full of fun activities, colorful costumes, and delicious food.

International day Celebration 2023 was one of its kind, spectacular events in the annals of 40 years of its existence, every member of the SSK Team, came to the fore with an impressive show of talent and intent. Our sincere gratitude to Sponsors SHANGRI-LA, BENGALURU team for their kindness and generous support to us which

will be cherished forever! Their sumptuous gesture to partake in it not only elevated their spirits and comfort levels but also enabled completeness of the programme. We also extend our sincere gratitude to Mr. Sudarshan and Mrs. Radha Mohan for their continued kindness and generous support to us!
