### **CHETANA VOCATIONAL TRAINING AND PRODUCTION CENTRE**

In the year 1991 we started a vocational training centre for the children above 18. At present there are 100 children in vocational training centre. Training is provided in following different trades.

1. File making and book binding- Here all types of files such as office files, lace files, port folios, spring files, box files are manufactured. Also children are receiving training in making registers, making book binding etc. There are 13 boys and 1 girls working in this unit.

2. Carpentry unit- Here we manufacture different educational aids for primary schools and montessories. Children also prepare different presentation articles such as pen stand, wall hangings, trophies, bird nests etc. At present 13 boys are working in this unit.

3. Screen Printing and painting- The files that we manufacture are get printed in this unit. Similarly we receive orders for making visiting cards, invitations, letter heads etc. The products that are prepared in carpentry unit are get painted in this department. There are 12 boys working in this unit at present.

4. Paper mache unit- For last 5 years we are running this unit where we prepare different presentation articles from paper mache. We also prepare ganesh idols from paper mache. We are receiving a huge response from the people for these idols during Ganesh festival, as these are eco friendly. At present there are 13 boys working in this unit.

5. Chetana bazar and home science- We are running this workshop mainly for the girls. Here we purchase grocery and provision material in wholesale rates. Girls clean it, weigh it and make packing also. Parents are the permanent customers of this Bazar. The girls also receive training in sewing, making purses, masks, dye and tie, embroidery etc. There are 24 girls working in this unit.

6. Wooden oil making Machine- Last year Mahindra & Mahindra donated a wooden oil making ghana in the month April 2019 while another ghana for making coconut and sesame oil was donated by D. Y. Patil Group. At present there are 14 children working in this unit and regularly we manufacture groundnut and coconut oil. Both the products receiving a nice response from the society a large.

In the month of April our teachers prepared annual progress reports of the students on the basis of their individual performances during the year. The progress reports of these students were submitted online to the parents.
