Model Centre for Children with Special Needs a therapeutic center run by Margdarsi is dealing with various types of disability children, MR, Autism, CP, Multiple disabilities. The center is focusing on prevention of disability by individualized plan of action.

Different types of therapy includes

- Physiotherapy
- Speech language therapy
- Sensory Integration therapy
- Psychotherapy
- Special education
- Non conventional therapies(Diet therapy, Art therapy, Dance & music therapy)

Margdarsi is currently running a special school, **School for Autism** which is the one and the only special school recognized by SSEPD Dept. Govt. of Odisha. Special education is given to the children at the school in the most facilitating way using different types of recreational therapies and professional therapies to augment their reading & writing skills.
