

Annual Report – 2022-23

Introduction

PMCHRF charitable trust, established in June 2002, with its office at 29, North Pradhakshnam Road, Karur, has successfully completed 12 years rendering yeoman service to the poor and needy people particularly mental retardation, autism, CP, multiple disability in and around Karur dist.

During these years, PMCHRF charitable trust has organized more than 100 free camps in medical and surgical specialties facilitated major surgeries such as open heart, kidney transplantation, Cancer chemotherapy & radiotherapy, cataract removal & lens replacement in addition to various other surgeries sponsored education for poor but talented students organized donation of more than 1000 units of blood, alcohol & Drug de-addiction awareness, counselling & treatment organized healthy Diet Exhibition and competitions, Motivation camps for children counselling session on stress reduction and improving relationships., Adopt and create a model healthy village create clean & green Karur city by tree plantation., maintenance etc.,

These achievements were made possible by your continued patronage commitment to human values deep desire to alleviate human suffering

PMCHRF charitable trust with an intent to benefit the mentally challenged has started its project in 2010 “Maanavoo Special School and Rehabilitation centre” for mentally challenged.

Of all the differences in this world, that of poor and rich, superior and inferior, male and female, black and white, the difference between the mentally challenged and the mentally fit has drawn less attention. Knowingly or unknowingly, we have ourselves many times let down on the so called mentally challenged, considering them useless to themselves and others.

The truth, is that, these fellow brethren of ours, possess appreciable potentials that can make them useful to themselves and to this society. The mentally challenged includes children with down's Syndrome, cerebral palsy, autism, attention deficit hyperactive disorder, mental retardation etc.,

We have made a humble beginning with children, whom we have accommodated in a rented home. Construction work for the Maanavoo – School & Home started in a one acre land located lush green area of VADAMALAI GOUNDANUR, Athur Village, Karur. Our intention is not just to provide a living

to the destitute, but bring them up as useful citizens who can contribute to its peace, prosperity, scientific and cultural ethos. Our strategy is four pronged

- A). Awareness creation
- B).Screen & Identify
- C).Run school and home for the identified
- D).Help them earn their livelihood and contribute to society

PMCHRF has projected multi various activities to enhance the quality of life persons with special needs accordingly the aims and objectives have formulated as follows

- 1). To conduct special education and rehabilitation of persons with special needs.
- 2). To conduct early service and identification camps for special childrens
- 3) To undertake the training of trainees and teachers & psychologists

AIMS & Objectives

- To identify, conduct and co-ordinate in the area of mental retardation, autism, C.P, multiple disabilities
- To create man power and develop human resources for delivery of services to mental retardation, autism, C.P, multiple disabilities
- To develop appropriate models of care and rehabilitation for the special childrens.
- To provide consultancy services to Voluntary organizations
- To Serve as a documentation and information in this area
- To develop community based rehabilitation services in the rural and low income needy population
- To undertake extension and outreach programs in the field of mental retardation, autism, C.P, multiple disabilities

Services

- Children with special needs require comprehensive multidisciplinary rehabilitation services
