

# ANNUAL REPORT 2019- 2020

## Introduction :

PCTC was founded in 1991 with the objective of working in a rural community for the comprehensive community development and for the inclusive development of People with disabilities in the area of operation.

We are working in one developmental block-Thurinchapuram in Tiruvannamalai district of Tamilnadu. At present it has a population of 125000. There are more than 3000 persons with disability in Thurinchapuram block.

In the beginning the core area of intervention was to provide rehabilitation support to the Polio affected persons. We started a community based rehabilitation program and a rural Ortho workshop to provide calipers, support devices to the needy persons. Later as we were working in the community we responded to the needs expressed from the people and initiated the following programs.

1. Rehabilitation program for the children affected by Cerebral palsy, Mental retardation, multiple disability and Autism.
2. Promotion of self-help groups for women and PWDs for their economic development.
3. Vocational training for skill transfer to the Deserving adolescent boys and girls and Adolescents with disabilities.
4. Community health program and promoting Sidha system of medicine.
5. Training local farmers on Organic farming practices.
6. Providing supplementary education to the school going children and educational and scholarships assistance to the needy children.

Through our rehabilitation program, Identification of children with disabilities, Early intervention for therapy in the community and referral services for surgical needs, provision of supportive devices, training in daily living activities, prevocational training for adolescent boys and girls, referral support for integrated education, formation of self-help groups Bank linkages for getting credit assistance.

We also guide them to avail all the government welfare programs for the PWDs.

## People's Craft Training Center-Brief History of PCTC

Year	Programs

## PCTC assisted PWDs to get unique Disability ID

More than 420 persons assisted to get UDID card.  
845 people it is under process.

## Community interventions

Through CSR support - USHSA International conducted 1 week Training to already trained women's to add on skill training for 7 days ( Daily 12Hours).

They gave Training in Machine Maintenance Fitting of New Machines

At the end of the training A Usha manual sewing machine and certificate was given.

And the trainees were authorized to run Usha tailoring training schools in their villages. After 3 month there was a follow up session was conducted.

**Special Medical intervention to person with Disability.**

Neethu 4 year old girl child with spina bifida which is a congenital disability and causes difficulty in mobility and sensation .She had severe wound in her Rt .Knee and also She needs corrective surgery She was given wound care treatment daily and the corrective surgery task under process.

Thenmozhi 12 year girl with Trainable Mental Retardation. Who needs long time treatment for hormone .She needs periodical check-ups and medicines.

Sathiesh Kumar 12 years old with Multiple Disability. Who has frequent seizer .Which needs long time treatment. Also the parents wants to make him independent in mobility so he was referred for corrective surgery. After surgery he was fitted by bilateral orthosis and under physio therapy treatment.

Dhanalakshmi 60 year's old women who is mental illness and needs long time treatment. Her daughter also under treatment for mental illenes. So he family needs financial assistance and the institution supporting the family.

All these four persons supported by PCTC to overcome their Health issues.

Every Monday PWDs are assisted to avail Government welfare schemes during the grievance meet conducted by the District collector.

**Children covered under National trust Disabilities received continuous intervention throughout the year from our team of staff- at the center or in the community. The following table shows the kind of intervention they have received.**
