Special Education

- Reopening of Special School was skewed to a virtual platform because of Pandemic situation.
- The teachers took the challenges of online teaching with enthusiasm and positivity.
- To do so the Management thought which could be right option of the software to be used.
- So taking into consideration, Cyber security, Cyber safety and the learning management system, we decided to use ZOOM App.
- The school conducted the online live sessions with a blend of synchronous and asynchronous mode of teaching.
- But 35% students only participated in online classes. Students who were not able to attend the online session due to network issue or some other medical grounds were supported by offline medium.

THE DIGITAL WAY!

Early Intervention Centre

- Whatsapp group was formed. Information and counselling to the parents were given in the months of April and May 2020
- From June 2020 online classes were started, in “Google meet “on a daily basis.
- The teachers come prepared for the day with teaching aids and “Do it Yourself “kit for the parents and children to practice till the next day.
- Our Occupational therapist conducts easy exercises/brain gym to the parents and children to improve “eye hand” coordination, locomotor function.
- Yogasana and Physiotherapy are also taught through online.

Early Intervention Centre Achievements

GOSHALA

- **To give training to Samarth & Adult Home students in cattle rearing.**
- **12 cows and 7 calves.**
- **In our Goshala cattle are respected, venerated and treated with dignity.**
- **The entire up keep of Goshala is done by the students except milking.**
- **The cowdung is recycled and used to generate Biogas “which fires our hostel kitchen”.**

SAMARTH

- This is a residential and respite care home sponsored by National trust (Govt.of India), New Delhi.
- The Samarth hostel was closed due to Covid 19 spread 2020. The hostel children were sent to their homes safely with their parents. The students remained at their home in the month of April 2020.
- In the month of May 2020,10 students came back to Hostel and for others online classes were taken up to September 2020.
- From October,30 students were in the hostel and as usual face to face classes were taken. No visitors are allowed.
- The hostel and surroundings are sanitized and sprinkle every week and kept the place clean and tidy. Body temperature of the students are taken thrice daily and record is maintained.
- Through this the children are given training for self – help skills, motor skills, social & academic and recreational skills.
- The Institution is now in the 16th year of this programme.
- Vaccination two doses for all inmates and staff completed.

The School may look quiet, greener and cleaner in the absence of children but their long absence without the mirth and laughter, shouts and yells taps and squeaks of the shoes make the school dull and lifeless. Let us pray and look forward to a healthy and vibrant academic year.

Thank You
