ADHIKAR

RESIDENTIAL SCHOOL FOR THE MENTALLY RETARDED

Recognized by : MASS EDUCATION EXTENSION & LIBRARY SERVICES

GOVT. OF WEST BENGAL & Persons with Disabilities Act' 95, Govt. of West Bengal

In view of alarming percentage of intellectual disability in Indian population and dearth of adequate institutional support for their education, therapy and rehabilitation, an extraordinarily energetic person Dr. Manabesh Pramanik established ADHIKAR, a residential special school for the intellectually disabled children on 1st January, 2000, accompanied with Haidarpur Shelter of Malda. At present our school is at its full fledged movement to lead the intellectually disabled children of our society through a regular nourishment schedule to their complete rehabilitation.

Although the school is expecting to go miles in the long run for the well being of the intellectually disabled children and confident enough to overcome all those problems with the dedicated services of our well-trained special educators, also hopeful for the completion of a fully fledged organization for mankind and a much awaited expectation of help from the Government in near future. In spite of our limited sources, we have taken a number of serious activities for the rehabilitation of our beloved intellectually disabled children for the year 2021-22 which are given below, hoping the same will equally be accepted and appreciated by everyone.
